December is here and it's looking like a white Christmas. Anyone for Snow Polo?

From a polo perspective we have had a great year playing polo, competing, introducing new players to the sport and watching the newer players competing in their first tournaments and excelling in all aspects of the game.

Polo is a team sport played by individuals but can only be enjoyed by all when the participants check their egos at the door. The concept that one player believes they are more entitled to the ball, the line, the team attention or the umpires favors has no place in this sport and will ruin the game for all.

In Toronto we are so fortunate to have at our disposal some of North America's best fields and arenas along with an eleven month polo schedule and an unbelievably dedicated club manager.

A huge Thank You to all those that make playing our sport possible.

Seasons Greetings and Happy New Year

Keep your heels down!

Argentina

The now annual Polo Vacation in Argentina has just finished up and a great time was had by all.

Fine wines, food, ponies and watching the worlds best polo was a daily occurrence.

The weather Gods were with us for all except three bad rain days

Participating this year was Wally Rudensky, Chris Endras, Jayson Schwarz, Mike Egan, Alyson Hannas, Wendy O'Leary, Lawrence Hyland, Brian, Rodrigo, and Enrique.

Polo School Graduation Game

Talk about a competitive group! Liz Pathuk, Lindsay Suttcliffe, both with years of competition experience on the show circuit and Dan Lim, a fast learning newcomer along with an injured but determined Suzanne Gilles battled it out on a sunny November Sunday to complete our final school of the season.

Polo Tip

Safety First:

Tightening the girth is a groom's job - checking it's done right is the riders.
