Hanging Up His Mallet

John Emery

After over 35 years of active Polo John Emery is retiring from Polo. To anyone who knows & played with or against John he is one of the most competitive, hardest hitting players to have ever played. John actively promoted Polo across Canada in the 80's and has been a board member and Secretary of the Toronto Polo Club for many years.

We wish John a happy retirement on the golf courses and hunt fields of Toronto and Aiken

Polo Tip

The decision on when, where and how to turn is the most important tactical decision in Polo. If you turn correctly you are in the play, incorrectly and you are out of the game until the next play.
